

NETWORKING

Expand your personal network

The conference 'Folien + Fahrzeug / Plastic Films in Mobility' has been established for 15 years and is now newly organized by the SKZ. It is dedicated to the design and technology trends in the interior and exterior, smart electronics integration and the innovative decoration technologies. The structural changes with the trend of digitalization and the changes on electromobility give new impetus to the possible uses of films. Use this platform and the accompanying trade exhibition for your personal exchange and networking with the international and interdisciplinary specialist audience. The symposium sheds light on all aspects of the film technology of the entire process chain, from the film production with the various polymer materials, the associated printing and film forming technologies, the film back-injection technologies or integration processes. The sustainability with the intended circular economy sets additional requirements that demand new thinking and innovative solutions that we want to discuss critically here.

Dirk Pophusen
Chairman
Covestro Deutschland AG, Dormagen

HIGHLIGHTS

Your benefit at this conference

- ✓ Design and technology trends
- ✓ Smart electronic interior
- ✓ Decoration & sustainability
- ✓ Current impact on the interior of the vehicle
- ✓ Simultaneous translation
- ✓ Accompanying exhibition

Your added value

Use this event to intensify your existing contacts, to discuss your own issues and to take advantage of a strong community. As a pioneer, the SKZ offers you with this event the perfect opportunity for networking and exchanging ideas.

HOTEL

We recommend the following hotels Code: SKZ

If you want to stay in the same hotel with other conference guests, we have reserved a quota for you until **March 14, 2022** at the following hotel:

Mercure Hotel Würzburg am Mainufer
Dreikronenstr. 27, 97082 Würzburg
T +49 931 4193-0 | H1697-RE@accor.com | 129.00 EUR (incl. breakfast)

Unfortunately, we cannot offer you a room contingent for the following hotel, but would like to recommend the following hotels to you:

Best Western Premier Hotel Rebstock
Neubaustraße 7, 97070 Würzburg
T +49 931-3093-0 | rebstock@rebstock.com

SPEAKER

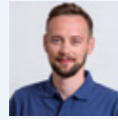

These experts look forward to your participation

Mike Böing-Messing

Robin Fachtan

Waldemar Fahnenstiel

Michael Fischer

Walter Franz

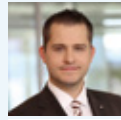

Ullrich Gutgar

Dr. Stephan Harkema

Simon Hauck

Dr. Maximilian Hemgesberg

Jochen Holzleitner

Dr.-Ing. Ingo Kleba

Arno Laubrock

Dr.-Ing. Jonathan Martens

Wladimir Punt

Johann Reichstein

Dr. Bernd Robertz

Frank Virus

Wjatscheslaw Welitschko

Dr. Jan Werner

TUESDAY 10. May 2022

09:00 Greeting

09:15 KEYNOTE: **China's new Silicon Valley – Between surveillance and innovation**
Frank Sieren, graduate political scientist, book author and China expert

EXTERIOR – Moderation: Dirk Pophusen

10:00 **Front modules for e-mobility – functional integration through foil**
Jochen Holzleitner, BMW Group, Landshut
Michael Fischer, Engel Austria GmbH, Schwertberg

10:30 **Multicolored decoration of large-scale exterior Components – FIM compared to competing processes**
Johann Reichstein, REHAU Automotive SE & Co. KG, Rehau

11:00 **Coffe break and networking**

11:40 **Large-area front components with foil technology: Why not?**
Dr. Maximilian Hemgesberg, Covestro Deutschland AG, Leverkusen

12:10 **Discussion for exterior session**

12:40 **Lunch break – Flying buffet in the exhibition**

INNOVATIVE TECHNOLOGIES – Moderation: Andreas Brüninghaus
14:10 **Film-Insert-Molding: Technologie update about new functions and decors**
Mike Böing-Messing, BÖ-LA Siebdrucktechnik GmbH, Radevormwald

14:40 **Hot foils – the merging of design and function**
Tino Theer, Nissha Innovation Center Europe, Waltershausen

15:10 **Coffe break and networking**

15:50 **Market launch of printed electronics in the automotive industry**
Wladimir Punt, Molex Connectivity GmbH, Walldorf

16:20 **BIA Touch-Chrome, real metal surfaces with touch function**
Ullrich Gutgar, Wjatscheslaw Welitschko, BIA Kunststoff- und Galvanotechnik GmbH & Co. KG, Solingen

16:50 **5 Minute Pitch: Product & Market News**
Leonhard Kurz Stiftung, Fürth | Pröll GmbH, Weißenburg i. Bay.
ESI Automotive, UK, Wantage – Oxfordshire

17:20 **GetTogether in the exhibition**

19:30 **Evening event at Würzburger Hofbräu**

WEDNESDAY 11. May 2022

INNOVATIVE TECHNOLOGIES – Moderation: Norbert Bendicks

09:00 **ShyTech display surfaces**
Simon Hauck, Continental Automotive GmbH, Babenhausen

09:30 **Introducing light-shielding elements into transparent plastics by laser technology**
Dr. Bernd Robertz, Schürfeld Gruppe, Hamburg

10:00 **SenseSkin: A highly integrated injection molding process for the production of functional soft-touch components based on new soft components**
Robin Fachtan, Neue Materialien Bayreuth GmbH, Bayreuth

10:30 **Coffe break and networking**

11:00 **(Film) surfaces made of polyurethane – Limitless brilliance with self-healing effect**
Dr.-Ing. Ingo Kleba, RÜHL PUROMER GmbH, Friedrichsdorf
Waldemar Fahnenstiel, RÜHL PUROMER GmbH, Friedrichsdorf

11:30 **Digital color matching for interiors within the automotive supply chain**
Walter Franz, NCS COLOUR AB, SE-Stockholm

12:00 **Lunch break – Flying buffet in the exhibition**

SUSTAINABILITY – Moderation: Volker Schuster

13:00 **Life cycle assessment and carbon footprint of plastic products**
Dr. Jan Werner, SKZ, Würzburg

13:30 **Sustainability in combination with surface technologies and films**
Arno Laubrock, KOSTAL Automobil Elektrik GmbH & Co. KG, Lüdenscheid

14:00 **Sustainability in printed electronics**
Dr. Stephan Harkema, Holst Centre, Eindhoven

14:30 **Sustainability enabled by tesa tape solutions**
Frank Virus, tesa SE, Norderstedt
Dr.-Ing. Jonathan Martens, tesa SE, Norderstedt

15:00 **Closing remarks**

15:30 **End of conference**

Get the best price!

EARLY BIRD DISCOUNT
If you register by April 10, 2022, you will receive a 10% discount on the participation fee.

SKZ MEMBER PRIZE
SKZ members receive a discount of 15% on the participation fee.

UNIVERSITY PRIZE
Students and staff from colleges only pay EUR 350.00 plus VAT.

Discounts cannot be combined.
