

Event profile

# Trends in Fire Safety and Innovative Flame Retardants for Plastics

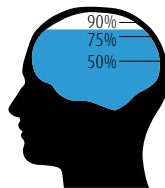

## Number of participants

## Participants 2017 (among others)

Up-to-dateness of contents -  
rated **good or very good** (93%)

Amount of information given -  
rated **good or very good** (80%)

## Comments of former participants

„Presentations have an interesting content and are at a high level“ Participant 2017

„Good group for networking“  
Participant 2017

„Nice range of topics“ Participant 2017

## Best rated presentations 2017

### Flame retardants for carbon fiber reinforced polymers forming respirable fiber dust

Prof. Dr. Sebastian Eibl, Wehrwissenschaftliches Institut für Werk- und Betriebsstoffe (WIWeB), Erding

### Organophosphorus Flame Retardants

Otto Mauerefer, LANXESS Deutschland GmbH, Leverkusen

### Impact of flame retardants on long-term performance of polymers

Dr. Rudolf Pfaendner, Fraunhofer LBF, Darmstadt

9,7 out of 10 participants rated the conference good or very good.
